### TAX INQUISITIONS NOT NEEDED AFTER THIS YEAR

Executive Assistant Garnett Urges Assessing Officers to Complete Back Probe at Once.

DUTY IMPOSED IS MANDATORY

Must Discover and Assess for Taxation Intangibles Omitted for Years 1903 to 1915 Inclusive-Would Conclude Work and Settle Matter.

There will be no more inquisitions assessing omitted intangibles, after this year, if tax officers fellow diligently the course of action outlined by Executive Assistant Garnett, of the State Tax Board, in a letter that goes forward to-day to all examiners of records, commissioners of the revenue

The time for voluntarily reporting intangibles without penalty having ex-pired on August 1, Mr. Garnett reminds the tax officers of the duty imposed on the tax officers of the duty imposed on them by the new law of discovering and assessing for taxation intangibles omitted for the years 1903 to 1915, inclusive. It is the desire of the Tax Board, he says, that this work be completed this year and that thereby may be settled for all time a matter which has been both a necessity and an annoyance.

In the work of bringing omitted property under taxation the State Tax Board, says Mr Garnett stands ready and the success of the havoc was wrought.

Fireman Andrews, who was overcome by smoke in the fire in the feed store of Thomas S. Winn, 509 East Marshall Street, recovered yesterday se far as to be able to leave Virginia Hospital. Lieutenant Parker, who was approval and as a proporty under taxation the State Tax Board, says Mr Garnett stands ready.

property under taxation the State Tax Board, says Mr. Garnett, stands ready to grant full assistance. There has been voluntarily reported approxi-mately \$15,000,000 in omitted intangi-bles. Tax authorities believe that sev-

### \$50,000 Ty Cobb "Comes Back" Nuxated Iron Makes Him Winner -- Greatest Baseball

the buoyanoy of youth?

As I have said a hundred times over, iron is the greatest of all strength builders If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and slokly looking, just like a plant trying to grow in a soll deficient in Iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without bacoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were atting all the while double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for
